60–90 minutes per job · Premium cable management adds \$50–\$75 · Multiple TVs in one visit multiply the margin

TRIED AND TESTED

TV mounting is the single highest-demand individual home installation service in every city where Caribbean families live. Every new television sold needs to be mounted. Every homeowner who moves needs their TV remounted. Every renovation uncovers a blank wall that needs a screen. At \$150–\$300 per mount with a one-hour average completion time, the effective hourly rate is unmatched in home services.

CHAPTER ONE

The Business and the Numbers

1 The market

Every household with a new TV is a potential booking. The average Caribbean family buys 1-2 televisions per year. Move-in season (spring and summer) produces the highest volume. Post-Christmas (January) is the second peak as new TVs get unboxed.

2 Pricing

Standard wall mount (stud wall, no cable management): \$150-\$175 ·
Standard mount with cable management: \$200-\$250 · Corner or above-fireplace mount (more complex): \$250-\$300 · Commercial/multiple TV installs: \$125-\$175 per unit at volume

CHAPTER TWO

Tools, Technique and What Not to Skip

1

Essential tools

Stud finder (\$25-\$40) — the most important tool. A TV falling off a wall damages the TV, the wall, and your reputation simultaneously. Always find the studs. · Level (\$10-\$15) · Drill with bits (\$40-\$80) · HDMI cables and cable management raceway kits (\$15-\$30 per job if you supply them)

2

The one mistake that costs you everything

Mounting into drywall without hitting a stud. Use your stud finder on every single job. Mark the stud locations before drilling. Confirm with a second pass. This is non-negotiable.

CHAPTER THREE

Getting Clients and Scaling

1 Finding your first clients

Post in Caribbean community Facebook groups: 'Professional TV mounting — \$175 flat rate, stud mount, cable management included. Caribbean families in [city] DM me.' Nextdoor and TaskRabbit for broader reach. One job in a Caribbean household generates referrals to their entire WhatsApp group.

2 Scaling

Partner with electronics retailers, interior designers, and real estate agents who stage homes. These partners send repeat high-volume work. One partnership with a home staging company can provide 4-8 TV mounting jobs per month without any advertising.

BUILD YOUR BUSINESS WEBSITE – PERSONAL NOTE

While all the steps in this guide work to get your first clients through community outreach, A simple booking page where clients can select their TV size, wall type, and preferred date — and pay a deposit online — positions you as a professional installation service rather than a casual side hustle. I found it significantly easier to use Lovable — an AI site builder where you describe what you want and it builds a clean professional site in minutes. No coding. Check it out.
