Your street is your first territory.

REAL SKILLS. REAL INCOME. NO HYPE.

This guide was built for Caribbean children abroad who are serious about building real income with real work. No fluff. No theory. Just the steps that work.

CHAPTER ONE

The Six Services That Build Your Monthly Route

Learn them once. Deliver them every month. Get paid every month.

Each of these six services is simple enough to learn in a day and important enough that every homeowner needs it done regularly. Together they form the core of the Essential Home Care Subscription — the recurring income engine that pays you automatically every month without reselling anyone.

1 The Six Services

1. Light Bulb Replacement — \$10-\$50 per bulb, hard-to-reach fixtures, extendable changer tool · 2. Air Filter Changing — \$25-\$100 per filter, HVAC and whole-home filters · 3. Smoke and Carbon Monoxide Detector Check — \$35-\$75 per detector, battery replacement and safety test · 4. Caulking Touch-Up — \$50-\$100 per area, bathrooms and kitchens · 5. Paint Touch-Ups — \$50-\$150 per wall, scuffs and marks · 6. Weather Stripping Check and Replace — \$60-\$100 per door or window

2 Why these six together

A single visit covering all six services in one home takes 2-3 hours and generates \$200-\$400. Doing this monthly for 15-20 clients is \$3,000-\$8,000 per month from simple maintenance work. Caribbean homeowners especially value this because the same trusted person comes every month — not a different stranger each time.

YOUNG BOSS TRUTH

Build Your First Monthly Route — the goal of this guide is not to teach you a single service. It is to teach you how to build a list of clients who pay you

automatically every month for work they need done and do not want to do themselves.

The Home Care Subscription — Your Recurring Income System

Price it monthly. Deliver it consistently. Never resell.

The subscription model transforms individual service calls into automatic monthly income. Instead of chasing new clients constantly, your existing clients pay you on a set schedule and you show up, do the work, and move to the next home.

1 Subscription Pricing

Essential Monthly Visit — \$99-\$149/month covers light bulbs, air filter, smoke detector check. Standard visit takes 60-90 minutes. · Full Maintenance Monthly — \$149-\$199/month adds caulking check, paint touch-ups, and weather stripping inspection. Visit takes 2-3 hours. · Annual client value at \$149/month: \$1,788 per home, recurring.

2 How to convert a one-time client to monthly

After every initial job: 'A lot of my clients find it easier to be on my monthly plan — I come out once a month, handle the things that always need doing, and you never have to think about it again. Based on what I can see here, the Essential plan at \$149/month would cover everything you need.' Present it as convenience, not a sales pitch.

YOUNG BOSS TRUTH

Your first 10 monthly clients at \$149 each is \$1,490 guaranteed every month. That is your baseline. Every additional client and every one-time job is growth on top of a guaranteed floor.

Building Your Route and Getting Your First 10 Clients

Your street is your first territory.

The home maintenance route is built neighborhood by neighborhood. Start on your own street and work outward. Dense routes — multiple clients within walking distance — maximize your earnings per hour.

1 Getting your first clients

Walk your street and knock on doors with a simple offer: 'I offer a monthly home maintenance service — light bulbs, air filters, smoke detectors, touch-up painting, caulking and weather stripping. First visit \$50. Monthly plan from \$99.' · Post in Caribbean community WhatsApp groups and Nextdoor. · Offer the first visit at a discount in exchange for an honest review.

2 Route management

Schedule all clients in the same neighborhood on the same day. One Saturday morning covering 8 clients in a tight area is \$800–\$1,200 in a single session. Use a simple spreadsheet to track each client's visit schedule, what was done, and what needs replacing next visit.

YOUNG BOSS TRUTH

Caribbean families abroad value consistency and trust above everything. A young Caribbean professional who shows up every month, does what they said they would do, and keeps the home running smoothly becomes irreplaceable. That relationship is your business.

BUILD YOUR BUSINESS WEBSITE – PERSONAL NOTE

While all the steps in this guide work to get your first clients through community outreach, A simple booking page for your maintenance subscription — where clients can sign up, choose their plan, and pay monthly — automates your billing and makes your route feel like a professional service business. I found it significantly easier to use Lovable — an AI-powered site builder where you describe what you want and it builds a professional site in minutes. No coding. No templates to wrestle with. Check it out for yourself.
