Young Boss Baby Proofing Guide

How Caribbean Kids Start a Home Safety Business From Scratch

1

Why Baby Proofing Pays So Well

Parents pay for peace of mind. No service creates more of it.

2

The Complete Baby Proofing Checklist — Every Room

Know every hazard. Fix every one.

3

Pricing, Products, and Getting Your First Clients

Price by the home. Source the right products. Find parents through your community.

REAL SKILLS. REAL INCOME. NO HYPE.

This guide was built for Caribbean children abroad who are serious about building real income with real work. No fluff. No theory. Just the steps that work.

Why Baby Proofing Pays So Well

Parents pay for peace of mind. No service creates more of it.

A new parent looking at their crawling baby and their uncovered electrical outlets will pay \$300–\$500 without hesitation to make their home safe. They are not shopping on price. They are buying confidence that their child is protected. That emotional driver makes baby proofing one of the highest-conversion service sales in the home services market.

1

The numbers

\$300–\$500 for a full home baby proof. Takes 2–3 hours. Effective rate: \$100–\$175 per hour. Caribbean parents in the diaspora are among the most motivated buyers — family safety is a core cultural value.

2

Who buys this

New parents with babies 6–18 months. Parents who just moved into a new home. Grandparents who regularly host grandchildren. Caribbean families who travel back to the islands and need someone to prepare the home for young visiting relatives.

YOUNG BOSS TRUTH

Protect It. Charge It. Stack It. And the parents will refer every other new parent they know.

CHAPTER TWO

The Complete Baby Proofing Checklist — Every Room

Know every hazard. Fix every one.

A professional baby proofer walks through the home systematically — room by room — identifying every hazard and installing every protection. This checklist is your entire service.

1 Kitchen and living areas

Cabinet and drawer safety latches on every accessible cabinet · Stove knob covers · Corner and edge protectors on coffee tables and furniture · Outlet covers on every accessible plug · Door pinch guards on all interior doors · Anti-tip furniture straps on bookshelves and TVs

2 Bedrooms and bathrooms

Window guards or stops on all accessible windows · Toilet seat locks · Non-slip bath mats · Medicine cabinet locks · Door knob covers on bathroom and bedroom doors · Baby monitor mount if requested

3 Stairs and hallways

Safety gates at top and bottom of all staircases · Banister guards if rail spacing exceeds 4 inches · Cord management for blind cords and electrical cables

YOUNG BOSS TRUTH

Always do a final walkthrough with the parent after installation. Walk them through every safety measure you installed and explain how each one works. This builds the trust that generates referrals.

CHAPTER THREE

Pricing, Products, and Getting Your First Clients

Price by the home. Source the right products. Find parents through your community.

Baby proofing pricing is simple — a flat rate per home based on size, plus materials if you supply them.

1 Pricing

Small home or apartment (1-2 bedrooms): \$250-\$350 · Standard home (3 bedrooms): \$350-\$450 · Large home (4+ bedrooms): \$450-\$600 · Materials (if supplied by you): Cost plus 20% markup

2 Where to find clients

Caribbean parenting Facebook groups in your city are your first market. Post: 'Professional baby proofing service — I safety-check and install everything your growing family needs. DM for a free quote.' New parent groups, church announcement boards, and Nextdoor are your secondary channels. One job in a Caribbean community generates 3-5 referrals — new parents tell every other new parent they know.

YOUNG BOSS TRUTH

Partner with local Caribbean midwives, doulas, and family doctors to offer a referral arrangement. A midwife who refers new parents to your service earns \$25-\$50 per referral. They will send you clients consistently.

BUILD YOUR BUSINESS WEBSITE – PERSONAL NOTE

While all the steps in this guide work to get your first clients through community outreach, A simple booking page for baby proofing consultations — where parents can pick a date, describe their home, and pay a deposit — makes you look professional before you show up and builds confidence in nervous new parents. I found it significantly easier to use Lovable — an AI-powered site builder where you describe what you want and it builds a professional site in minutes. No coding. No templates to wrestle with. Check it out for yourself.
